REMARKS

This is UNEVALUATED Information

25X1

vehicular traffic was to use the specially prepared roadway of the second railroad track on the Elbe River bridge in Littenberge (M 53/Y 69). Sixteen periods of 30 minutes each have been reserved for this traffic. This schedule is to be tested for four weeks. *

25X1

* Comment. The combined railroad and road bridge in Littenberge was reported previously. The reconstruction of the second track on the Littenberge-Geestgottberg line was also reported previously.
